## Driving Business Innovation Together

Businesses everywhere face unprecedented change, and **the future will be dictated by those who innovate first.**

Since 2000, **52% of companies in the Fortune 500** have gone out of business.

From 1955 to 2011, it took Fortune 500 companies an average of 20 years to reach a billion-dollar valuation; **today's digital startups are getting there in four.**<sup>1</sup>
